

Dear authors!

We kindly invite you to publish your
in the foreign scientific journal

Krakowskie Studia Małopolskie

The journal «Krakowskie Studia Małopolskie» was founded in 1997 as an interdisciplinary scientific journal. It promptly became recognized in the scientific communities of Poland. The journal is produced by the most renowned Polish Publishing Group «Wydawnictwo Adam Marszałek».

The journal is oriented both on prominent scientists and those who embark upon scientific activities.

Vol. 34 /
2022

KRAKOWSKIE
STUDIA
MAŁOPOLSKIE

adam marszałek

English and Ukrainian scientific articles of Doctors and Candidates of Sciences, young scientists (postgraduate students, external doctorate students) as well as practitioners in the field of social, legal sciences, public administration and national security are accepted for publication.

An electronic version of the journal will be available on the official web-site of the Polish Publishing Group «Wydawnictwo Adam Marszałek» on the web page of «Krakowskie Studia Małopolskie» at the [link](#).

To publish the article in the journal «Krakowskie Studia Małopolskie» **Vol. 34/2022**, you should to send the following materials to ksm@cuesc.org.ua before **May 13, 2022**:

- the article meeting the requirements specified by the editorial staff. Authors whose articles don't comply with the requirements are rejected to be published;
- to indicate information about the author [at the link](#);
- payment confirmation.

* The author receives payment details after a successful peer-review. The author is informed about the peer-review results during 3-4 days from the date of materials receipt.

Peer-review process:

When the author submits the article to the journal «Krakowskie Studia Małopolskie», it is subjected to the internal anonymous peer-review. One of the editorial board members, who is a renowned expert in the relevant field, carries out the peer-review. Impartial peer-reviewers thoroughly evaluate the article's quality, including with the use of individual criteria. The peer-reviewers check the manuscripts for substantiation of the research methodology and procedures. If a peer-reviewer has some comments on the article, it can be sent back to the author for improving.

General requirements for a scientific article:

- author can't edit the manuscript once it is submitted, thus we encourage you to send the final version of the paper;
 - the editorial staff does not return the submitted materials and reserves the right to make formal changes and add the necessary abbreviations;
 - the article should present the author's considerations regarding a particular topic;
 - the article should include ideas which are characterized by a high level of generalization and scientific novelty;
- papers: 20.000–40.000 characters with spaces (also including abstracts, references, bibliography, tables, diagrams, and footnotes);
- **articles in Ukrainian** should include information about the author, topic, summary and key words **in English**.

Technical requirements:

File format: *.doc; *.docx. Papers: 20.000–40.000 characters with spaces.

Fields – 2 cm (bottom) x 2 cm (top), 3 cm (left) x 1,5 cm (right); indentation – 1,25 cm; line spacing – 1,5 cm; font – Times New Roman; size – 14.

If the article has tables and (or) graphics, they should be compact, entitled: Times New Roman, 12 ps. The size of the tables and graphics shouldn't exceed a page width.

Sequence of placement of structural elements:

At the front of the article, you should indicate:

title;

surname, name, patronymic of author (-s) of the article (no more than two persons);

job position, place of employment/study, academic degree, rank (if any), e-mail;

ORCID ID. If an author is not logged in ORCID, it is necessary to create an account at the link <http://orcid.org/>;

summary and key words.

Summary volume: minimum 150 words, maximum 250 words. After the summary it is necessary to add 5-8 key words or phrases, none of which duplicates the title of the article.

Text of the article:

Introduction is an obligatory part of the research, where the author indicates topicality of the subject and actuality of scientific decisions. Goal of research should be clearly indicated along with the research tasks. It is necessary to specify the methodology of research, the logic of presentation of the investigated material.

The *main text* should be divided into content-rich sections with separate headings (up to 4-6 words).

The article should contain *conclusions* from the study, which present detailed findings from the study and the prospects for further research in this direction.

The article shall include in-text citations, as well as References list at the end of the article. The in-text citation should be marked with a number without brackets and dots using Microsoft Word References.

References. The references should be placed at the end of the paper in alphabetic order. It is composed according to standards APA (APA Style Reference Citations). There is an author (transliteration), title of the article (in square brackets, English translation), source name (transliteration), source data (city with the English mark), publishing house (transliteration). For example:

Bondarenko, I. (2002). Sudova systema Ukrainy ta yii reformuvannia v suchasnykh umovakh [Judicial system of Ukraine and its reforming in the modern conditions]. Pravo Ukrainy, no. 8, pp. 37–39.

Dikhtiiivskyi, P. V., Lahniuk, O. M. (2015). Kadrove zabezpechennia sudiv zahalnoi yurysdyksii: administratyvno-pravovyi aspekt [Staff assistance of courts of general jurisdiction: administrative and legal aspect]. Kherson: Helevetyka. [in Ukrainian]

Transliteration of names and surnames is carried out in accordance with the requirements of the Resolution of the Cabinet of Ministers of Ukraine "On Normalization of Transliteration of the Ukrainian Alphabet by Means of the Latin Alphabet" dated January 27, 2010, No. 55.

Transliteration from Russian is carried out in accordance with GOST 7.79-2000. System of standards on information, librarianship and publishing. Rules of transliteration of Cyrillic script by Latin alphabet.

Example of article design:

CORRELATION OF NORMATIVE RESOLUTIONS WITH NORMATIVE LEGAL ACTS
