STRONGER TOGETHER

Researchers are united!

ISMA University of Applied Sciences

**Stepan Gzhytskyi National University
of Veterinary Medicine
and Biotechnologies of Lviv**

Dear colleagues!

We invite you to participate in the activities of the authors' team
to write a collective monograph

“Prospects for the development
and implementation of innovative technologies
in veterinary medicine and animal husbandry”

Scientists, academic staff, and postgraduate students, who have or are obtaining a degree in agriculture, production and veterinary medicine, are invited to contribute to writing a collective monograph. The future publication will be a result of the activities of the authors' team united by a common idea to present achievements of their researches.

Editorial Board:

Romans Djakons – Dr.sc.ing., Professor, Academician,
President of ISMA University of Applied Sciences;

Ivan Parubchak – DSc (Public Administration), Professor, Acting Rector of Stepan Gzhytskyi National University of Veterinary Medicine and Biotechnologies Lviv;

Department of Internal Diseases of Animals and Clinical Diagnostics, Stepan Gzhytskyi National University of

Veterinary Medicine and Biotechnologies of Lviv;

Iryna Kovalchuk – Doctor of Veterinary, Acting Head of the Department of Hominal and Pathological Physiology named after S.V. Stoianovskyi, Stepan Gzhytskyi National University of Veterinary Medicine and Biotechnologies of Lviv.

Vasyl Vlizlo – Doctor of Veterinary, Professor, Academician of the NAAS of Ukraine, Professor at the

Why is the publication of the monograph section valuable?

(for fulfilling the licensing conditions, obtaining the degree of Doctor and Candidate of Sciences, and awarding the degree of Doctor of Philosophy (PhD), for young scientists)

LEARN MORE

The monograph is published by the European publishing house “**Izdevniecība “Baltija Publishing”**” (Riga, Latvia) and recommended for printing by the institution’s academic council. Three reviewers, who are mentioned in the monograph’s output data, guarantee an independent review.

The monograph is awarded **ISBN** that permits authors to participate in developing the collective scientific paper published in the country of the EU.

DOI is assigned to every article included in the collective monograph that allows the authors to find their scientific work on the [Open Ukrainian Citation Index \(OUCI\)](#) site, which was developed by specialists of the State Scientific

and Technical Library of Ukraine on behalf of the Collegium of the Ministry of Education and Science of Ukraine.

The monograph will be available on the website of the European publisher “Izdevnieciba “Baltija Publishing” [at the link](#).

The authors of the collective monograph’s section receive an electronic layout of **the collective monograph and a certificate**.

Key Dates:

The submission of application forms and articles for publishing in the monograph: before April 30, 2024 (inclusively).

Feedback on papers acceptance: within 1–2 working days after papers receipt.

E-mail distribution of the monograph’s layout and the certificate: after July 16, 2024.

Registration Procedure:

To publish contributions in the collective monograph, authors should act as follows:

1) **fill in an application form** and send a manuscript to nature@cuesc.org.ua for peer-review **before April 30, 2024;**

2) send a copy of the payment confirmation following the manuscript's approval for publication.

Re: Collective monograph on veterinary and agricultural sciences.

Academic integrity:

The Organizing Committee guarantees high-quality anonymous peer-review of each monograph section. All monograph sections are subject to checking for plagiarism using [StrikePlagiarism.com](https://www.strikeplagiarism.com) by the Polish company [Plagiat.pl](https://www.plagiat.pl).

Monograph Target Topics:

1. Veterinary medicine.
2. Veterinary hygiene, sanitation and evaluation.
3. Technology of production and processing of livestock products.
4. Technology of milk storage, canning and processing.
5. Technology of meat storage, canning and processing.
6. Aquatic bioresources and aquaculture.
7. Biotechnology and bioengineering.
8. Ecology and environmental protection.
9. Organization of veterinary and agricultural production.

Prohibition to refer to the aggressor state's scholarly papers:

We kindly note that the monograph languages are Ukrainian, English, and Latvian. It is prohibited citing and including in the reference list russian-language contributions published in any country, incl. papers written in other languages but published in russia and belarus.

Article Requirements:

An article should be a holistic document of scientific content that involves the results of the author's original researchers.

The volume of the monograph subsection should be at least 15–30 pages. A4 paper format, line space – 1,5; Times New Roman, 14 size; all margins – 20 mm.

3 persons are a maximum number of authors.

Languages: Latvian, English and Ukrainian.

Article General Structure:

Monograph section name; author's surname and initials in the publication's language.

A paper should have the following structure: a short introduction (1–2 pages), 2–3 equally weighted sections and conclusion (1 page), summary: 7–10 sentences in the article's language (to indicate a range of problems and research results).

The article must have per-page citations as well as References at the end. Citations should be indicated with a number without brackets and dots using Microsoft Word references.

To improve the quality level of scientific citations in the scientometric database Open Ukrainian Citation Index (OUCI), it is important to indicate **DOI** for every source which it has.

Attention! References are in a source language and executed taking into account the National Standard of Ukraine DSTU 8302: 2015 “Information and documentation. Bibliographic reference. General principles and rules of composition”.

Author's full name and information: scientific degree and rank, post, affiliation; address of employment place (in English regardless of the publication's language).

Attention! In case of submitting a non-English article, an author should additionally submit an English name of the section and its structural elements (subsections) (see a design sample).
