EN

PURPOSE OF THE CONFERENCE – bringing together scientific and educational community, businesses and authorities to communicate key ideas and issues concerning restoration, reconstruction and economic transformation of the Ukrainian regions affected by war.

RELEVANCE – necessity to harmonize the Ukrainian educational, scientific and innovative environment by identifying effective mechanisms for mutually beneficial cooperation of all the stakeholders of the regional economy; the urgency of changes in training professionals capable to generate innovative ideas and efficiently work in an increasingly diverse environment; the importance of preserving regional identity and uniqueness.

OBJECTIVES:

- cooperation development of scientific, educational, business and public circles to ensure better conditions for regional recovery;
- providing stronger involvement of the general public in presenting the postwar future of the Ukrainian regions and shaping the public's vision of the desired postwar regional communities;
- searching for mechanisms for integrating and implementing adapted communication tools to determine professional competences required for the country's recovery;
- determining ways of targeting challenges faced by the Ukrainian higher education system in the context of regional post-war revival.

REPRESENTATIVES of the scientific and educational community, businesses and business associations as well as authorities and public sector are welcomed to participate.

THE CONFERENCE PROGRAM INCLUDES THE FOLLOWING SECTIONS:

1. Leadership and Human Capital Development for the Post-War Revival Processes in Ukraine.
2. Cultural Diplomacy in chitecture, and Design in the Post-War Restoration of the Human Environment.
4. Regional Aspects of Public Administration in Ukraine in the Post-War Period.
5. Socio-Economic Aspects and Management of Regional Development in the Context of Post-War Revival.
6. IT Decisions for the Regional Economy Post-War Restoration.
7. Entrepreneurship and Trade: Realities and Prospects in Modern Environment.
8. Renovation, Reconstruction and Modernization of Manufacturing Enterprises, Power Engineering Companies, Municipal Utilities, and Infrastructural Facilities.
9. Land Based Infrastructure and Inland Waterway Rehabilitation Projects - New Opportunities and Training for Professionals.
