

Cuiavian University in Włocławek

Scientific and pedagogical internship

**Shared values, approaches, and requirements for the
implementation of an educational process during
training engineering specialists in Ukraine and EU
countries**

Włocławek, the Republic of Poland

November 22 – December 31, 2021

Academic staff of higher education institutes, research associates of scientific establishments, doctoral candidates, postgraduate students, applicants, students, who have or are receiving technical education are invited to participate in the internship.

Workload of the internship has **6 credits ECTS (180 hours)** and distributed 6 hours each day for 6 business weeks.

All participants will be provided with a collection of abstracts and a *certificate* of completion of scientific and pedagogical internship (in two languages).

The certificate of completion is a document confirming completion of the scientific and pedagogical internship in a

scientific institute of EU country and which is necessary for obtainment of academic rank of Associate Professor, Professor and Senior Research Fellow, according to paras. 2.1, 2.2, 2.3, 2.5, 2.7 of Procedure for awarding degrees to academic staff (given the latest amendments under the [Order of the MES of Ukraine](#) No. 322 dated 17.03.2021) as well as for licensing and accreditation of educational services.

Form of participation: distant.

Language: Polish, English, Ukrainian.

➤ ORGANISING COMMITTEE

dr Elżbieta Nowakowska, Cuiavian University in Wloclawek;

dr Wiesław Pędziak, Cuiavian University in Wloclawek.

➤ REGISTRATION PROCEDURE

Persons who are interested in participation in the scientific and pedagogical internship should act as follows before **December 3, 2021 (inclusively)**:

1) [fill an application form](#);

2) send the abstracts to Organising Committee: tech@cuesc.org.ua theses of research and methodological reports according to a focus area of the applicant in educational or scientific establishment in Ukraine;

RE: ON INTERNSHIP IN TECHNICAL SCIENCES.

Participation in the scientific and pedagogical internship without research and methodological report is impossible.

On January 17, 2022, the collection of abstracts and certificates will be sent to the participants at the postal addresses indicated in the form.

➤ ZOOM LECTURES

English Zoom lectures are planned under the framework of the internship.

Date: 8 December, 15:00 (Kyiv time).

All participants of the internship receive a link to the online lectures after covering the internship fee. The lectures will be saved.

mgr Joanna Skiba, Expert in Adult Education and E-Learning (the Republic of Poland)

Topic: **“Yesterday is history. Tomorrow is a mystery, but today is a gift. The concepts of post-pandemic reality in the academic setting”**.

Language: **English**.

Joanna about her lecture: *The lecture will present most recent research in many European countries carried out on the topic of post-pandemic reality and its influence both on students and teachers. We are going to answer the questions: Is distance learning the only advantage of the pandemic? Are students ready to come back to regular activities? Are teachers prepared to enhance the training schedules? How to re-model universities to respond to the needs?*

dr Marcin Miziolek, Certified Coach,
Mentor (the Republic of Poland)

Topic: **“Train the trainer-coaching
academic teachers as the fundamental
structure of modern didactics”**.

Language: **English**.

Marcin about his lecture: *In this lecture we are going to discuss the needs of teachers who cannot be left outside the curricula and should be active participants of the training process. We are going to analyze the practical methods of coaching teachers and observe how this may influence the audience. Modern didactics will be presented in the pattern of interaction and exchange of polarities which need to meet in common surroundings.*

➤ REQUIREMENTS FOR ABSTRACTS

Pay attention to the fact that the topic of the scientific and methodological report should concern the peculiarities of the training of technical scholars, the system of higher education in Ukraine and the EU, the formation of knowledge and skills of technical experts etc.

➤ EXAMPLE OF ABSTRACT

Problems and prospects of vocational education in Ukraine

Anisimov M. V.

Doctor of Pedagogical Sciences, Professor,
Professor of the Department of Theory and Methods
of Technological Training, Occupational Safety and Health
Central Ukrainian State Pedagogical University
named after Volodymyr Vynnychenko
Kropyvnytskyi, Ukraine

Graduates of vocational schools work in all sectors of the economy. There is not a single device, machine, agricultural product, etc. in the production of which they would not participate. [1, p. 224].
